▶ [REDACTED] March 2018

Dear [REDACTED]

We will pay you compensation

- ▶ We agree that you have a valid claim against Shah Wealth Management Ltd (the Firm) regarding your self-invested personal pension (SIPP).
- ▶ This means we can pay you **£50,000** in compensation.

How we worked out your compensation

We have calculated your total loss as [REDACTED]. Our compensation limits don't allow us to pay more than £50,000 per customer, per firm.

Your total loss	£ [REDACTED]
Amount we are able to pay under our rules	£50,000

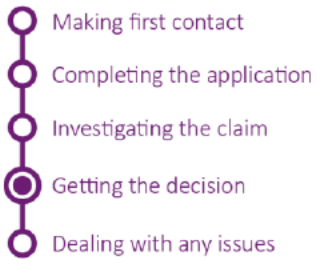

We'll check the bank account information you gave us. If everything's in order, we'll pay the compensation directly into the account. If we can't, we'll pay you by cheque.

You should receive the payment within 10 working days of the date at the top of this letter. You might need to pay some tax on it, depending on your income and circumstances. You can check this by talking to HMRC or a tax adviser.

Any questions?

If you have any questions or concerns about the decision or the payment, please contact us using the details at the top of this letter. We'll be happy to help.

Where you are in the claims process

What you need to know

How we decided on your compensation

Current notional value of the pension benefits you transferred in from [REDACTED] and transfer value received in SIPP from [REDACTED] (accounted for at date of payment)	
Tax-free cash paid (accounted for at date of payment)	less -
Value of replacement pension benefits at calculation date	less -
Notional SIPP transfer out fee	plus +
Total loss	= £ [REDACTED]
Amount we are able to pay under our rules	£50,000

You'll find further details in the calculation summary enclosed with this letter.

We calculate claims according to our rules. We haven't yet been able to calculate how much you may have lost as a result of the advice to switch your benefits from [REDACTED]. That is because [REDACTED] haven't told us how much the fund would be worth now if it had remained invested with them instead of being transferred away. However this has not affected your claim as we are paying you the maximum allowed under our rules.

Normally, we take into account the value (if any) of the investment as you might get your money back in the future. We've disregarded the values of Ethical Forestry, Global Plantations and Invest US because they're either too uncertain to quantify or they are insolvent. We have not taken into account any value remaining in the funds.

Notional transfer value of your pension

The notional value of your pension plan is the amount it would be worth now if it had never been transferred.

Value of replacement pension benefits at calculation date

When we calculate your compensation, we must look at any money you've already received from your SIPP and its current transfer value – such as cash in the bank and any securities that could be sold.

About your compensation

As far as possible, the compensation aims to put you back in the financial position you would have been in if you hadn't received the advice. We are paying you as much of your claim as we can under our rules.

The compensation only covers money you've lost by [REDACTED] March 2018.
